Good Samaritan (Sunlin) Methodist Church – Incheon, Korea

Greetings of Peace in Christ’s name! Ministries in many churches all over the world are constantly changing and the Korean Church is not an exemption. In response to the changing needs of the young generation of today’s Korean Church, Good Samaritan (Sunlin) Methodist Church launched a Children’s English ministry in 2006. This ministry is geared towards helping our church members in their English language acquisition skills, within the context of a Christian Education curriculum. Our church currently has an English Ministry that has three programs: 1) Sunlin Kid’s Church, 2) Sunlin English Academy, and 3) English Vacation Bible School.

From 2011-2012, we had two outstanding Candler Students intern: Brandon Stewart and Tyeekia Williams.

Susanna Haynes is our current intern and has been working as the English Ministry Youth Pastor since 2012.

**English Ministry Internship**

*(One year or more)*

Sunlin Methodist Church invites a Candler student or graduated student who is interested in a cross-cultural experience in ministry. Your official job title will be Children’s English Teacher/Pastor as you will be over the children programs for ages 5-12. Primary functions will be leading children’s English worship with English Ministry teachers, teaching English classes to adults, and teaching children English through the after school program and Saturday program. This position seeks a fun, creative, and innovative person who can conduct worship services, classes, and programs that you would bring to the English Youth Ministry. The children and adults look forward to learning and this position seeks a person who has an exciting personality.

The work hours are Tuesday through Sunday with one day off. The work days consist of the hours that you create for your classes, office hours, Saturday program, and Sunday worship. Your tasks include keeping the children during the main worship services throughout the week: Sunday night service, Wednesday evening service, and Friday evening service. During this time you can play, teach, or show English movies. The Korean culture is very close, like a family and our members will pamper you with warm Korean hospitality.

This job will pay 1,700,000 Korean Wons a month ($1,500 US dollars). Also included is the airfare, a furnished apartment, utilities and cell (worth about $1,000/month), and medical insurance.

In addition, students may choose to take classes at one of the many theology schools located in Korea (Yonsei University, United Graduate Theological School, Ewha
Woman’s University, or other seminaries) The Korean language is not needed as there are classes in English taught by English speaking Professors.

Therefore, it is our earnest prayer that you will give this proposal a thorough consideration. Should you think that this would help advance your theological and pastoral training, we would greatly appreciate your participation. We look forward to having you as our newest English Ministry intern for the 2015-2016 year!

Thank you very much.
Sincerely yours,

Pastor Kwon and Pastor Haynes
