Service Ministry Leader Position at Hinton Center

The Hinton Center is located in Hayesville, North Carolina in rural Clay County. Inspired by Jesus Christ, our purpose is to engage individuals, congregations and communities in transformation through retreat ministry and missional outreach. Through Hinton Center’s Missions Outreach Program, teams serve for one week working on a variety of home repairs in the local Appalachian community. Projects may include building wheelchair ramps, porches, steps, underpinning mobile homes, painting, repairing floors, and helping with yard work. At Hinton Center, we want to encourage an emphasis not only on construction but even more so on building relationships with local community members. Through hands on work and building relationships, you will open yourself up to being served in return.

Service Ministry Leaders of the Summer Missions Outreach Program work alongside a staff of about 10 young adults, who are passionate about living out their faith, building relationships with others, and leading teams of people on home building repair worksites. Service Ministry Leaders welcome new groups of ministry partners and lead and facilitate small groups of about 5-10 youth and adults each week. Service Ministry Leaders supervise ministry partners to ensure the safety, health, and administrative regulations with the ministry during the summer mission weeks. The work might include but is not limited to painting, building ramps, repairing floors, or completing yard work. Other responsibilities include leading spiritual programming, being involved in Christian worship, working in a rural community, and building covenant relationships with other ministry staff. The Service Ministry Leader position is a summer position. Service Ministry Leaders are required to live on campus through the summer program and must commit to working full days with long, hard hours. Most meals are provided, and Service Ministry Leaders are expected to eat with groups during mission weeks throughout the summer. A typical Hinton day may last from 7:00 a.m. until roughly 9:00 p.m. but may vary upon assignment.

Service Ministry Leaders are supervised by Rev. Dawn Livingston, Director of Program Ministries. Contact dawn@hintoncenter.org or 828-389-8336 for more information. Visit www.hintoncenter.org to learn more or for the complete application. Applications are due by 2/10/17.
