Most students say that they walk well over a mile per day while on campus. This includes the distance to and from housing, classrooms, and shuttle stops. While all the resident halls are accessible by elevator, some folks may have difficulty walking to the shuttle stops. There are alternate transportation options available for students who are unable to walk this distance, but **we need to know in advance** so arrangements can be made prior to your arrival. In order to give Emory Transportation Services the required notification, you must indicate on this form if you need assistance. **Changes and/or requests cannot be made at check-in.** If you feel you may require alternate transportation options, please attach an additional statement, outlining your needs and submit it with this registration form. Please call the COS office if you have questions about housing.

Should you suspect and/or know that you have a medical/health condition which might impact your academic success, please self-refer to Access, Disability Services and Resources (ADSR). Students can expect to engage in a four-step Registration Process to determine eligibility for appropriated accommodations. The registration process includes the submission of documentation, eligibility determination and a scheduled meeting with ADSR staff regarding accommodation needs. Should you have any questions or need assistance with the appropriated accommodations process, please call us at 404.727.9877 or e-mail us at oadisab@emory.edu.
