Inquiries
Direct any questions about the Children’s CPE Program to Rev. Martha Wright at martha.wright@choa.org or 404-785-0352.

Applications
A CPE application may be found at choa.org/patients/during-your-stay under the Chaplains section. You can find the standard application at acpe.edu.

Send your completed application and $60 application fee to:

Children’s Healthcare of Atlanta
Chaplaincy Department
Attn: Susan Eissner
1001 Johnson Ferry Road
Atlanta, GA 30342

Checks and money orders are accepted and should be made payable to: Children’s Healthcare of Atlanta.

You may apply electronically by sending your completed application to susan.eissner@choa.org.

You may remit your application fee using a debit or credit card by contacting Susan Eissner at 404-785-3996.

We have a rolling admissions policy and applications are accepted throughout the year. Applications will be processed once all fees and materials are submitted.
The Children’s CPE program expanded my perspective of what pastoral care looks like, both within and beyond the parish. The family-centered care approach at Children’s is the greatest opportunity for pastoral care providers to develop their skills in the most diverse setting possible. I am a better parish minister and staff chaplain because of my CPE experience at Children’s.

Theodore T. Turman
Pastor, First Baptist Church of Detroit
former CPE resident and Children’s PICU Chaplain

CPE locations

Egleston hospital
Egleston is a 272-bed inpatient pediatric facility located on the Emory University campus in Atlanta. It serves children from birth to age 21 and is home to the first state-designated Level 1 pediatric trauma center in Georgia. Egleston houses one of the top cardiology programs in the country, as well as the Children’s Carlos and Marguerite Mason Transplant Center. Additional specialty areas include oncology/hematology, critical care and neonatology.

Scottish Rite hospital
Scottish Rite is a 273-bed inpatient pediatric facility in northern metropolitan Atlanta serving children from birth to age 21. The Emergency Department at Scottish Rite is a Level 2 trauma center, and the hospital houses the largest pediatric inpatient rehabilitation unit in the Southeast. Other specialties include intensive care, neonatology, oncology, orthopaedics and ambulatory surgery.

I became part of a team that works with the patients, families and staff, and I was valued as an important member.

April Alford, former CPE resident
