Reinhardt University

Mission

As part of Reinhardt's whole person approach to education, Reinhardt Religious Life provides opportunities for worship, service, learning, fellowship, and counseling as part of a college student's faith development.

Description

We are a United Methodist affiliated University with around 1400 students total, with 630 living on campus in Waleska, GA. The religious life office works across campus in various ways to enrich the student and staff experience in faith development programs.

Unique Opportunities in Ministry

We offer opportunities to work with college students and do ministry as part of a larger institution. There is also an opportunity to work within higher education and manage a constantly changing structure.
